Good luck to all players heading to OFSAA!

Thank you to all that helped with coaching, scoring and convening this year in all conferences as well as the WOSSAA Championship. I think every year we get a little bit better and faster. I think the day went off pretty smoothly, thanks to all of the coaches, and the fact that the weather held in for us. I really think we dodged some nasty stuff.

A special thank you to **Pete McIntosh** and **Ken Van Osch**, as these two men were the convenors of London Golf and Huron-Perth golf. They sent the results very quickly and with great details so setting up the WOSSAA tournament was much easier due to their organization.

Just looking at a calendar for next fall, the WOSSAA date looks like it will be **Thursday, Sept. 28.**

If anyone has concerns, or possible modifications about the structure of the WOSSAA championship, please let me know and we can discuss it with the committee. There have been many little changes in recent years and we think it is a little better for them. A change we made in TVRA was to take away 1 team and add 2 more low individuals. We felt this rewarded some better players that were on a team that wouldn't likely qualify for WOSSAA. Your thoughts would be greatly appreciated.

Thanks again to everyone and see you in the spring.
